Sally Sambrook, Associate Editor, Perspectives and Reviews

University of Wales, Bangor, UK

Published by Routledge: Taylor & Francis Group

Human Resource Development International promotes all aspects of practice and research that explore issues of individual, group and organizational learning and performance, wherever they might be located. In adopting this perspective **HRDI** is committing itself to questioning the divide between practice and theory; between the 'practitioner' and the 'academic', between traditional and experimental methodological approaches, and between organizational demands and the demands of scholarship.
